Dear Referring Physician,

I would like to take this opportunity to introduce myself and Commonwealth Sleep Center. I am Dr. Sanjeev Kohli, Board Certified Sleep Physician. This is an exciting time for us as we continue to grow at Commonwealth Sleep Center and appreciate you giving us the chance to reach out to you, your staff and patients. Providing quality care to your patients and ensuring their stay with us is as comfortable as possible is our priority. Our features include queen sized beds, private bathrooms, flat panel TV and Wi-Fi. We also offer large patient rooms decorated to provide a “home like” atmosphere and all of our facilities are in safe and clean professional medical buildings. Our professionally trained sleep technicians will guide your patients every step of the way from the moment they walk in to the next day when they have completed the sleep study.

Additionally, we also provide efficient and prompt services and reports to your office. We are able to schedule same day appointments and our turnaround time for reports is the following day after the sleep study. CSC also participates with virtually every insurance plan and takes care of all the authorizations, scheduling and goes over insurance benefits with your patients. Another key feature of ours is that we are also able to handle services after the sleep study. For example, we are able to work with your patient’s insurance company and set them up with CPAP machines if required. We are available to provide catered services to fit your practices needs.

As sleep apnea continues to grow as a public health epidemic and cases of undiagnosed sleep apnea also increase, I encourage you to screen your patients. We have the Epworth sleepiness scale and the Berlin questionnaire to assist you and your patients during routine office visits as screening tools. We would greatly appreciate you giving us a chance to provide quality care and service to you and your patients. Please do not hesitate to contact me or my office if we there is anything else that we can do for you. Thank you for your consideration and we look forward to working with you in the near future.

Sincerely,

Dr. Sanjeev Kohli
